

Tuition fees

Taught courses

2020-21

Important notes about fees

The fees outlined within this document apply to all students whose initial date of registration falls on or between 1 August 2020 and 31 July 2021. All students pay the tuition fee set by the University for the full duration of their registration period agreed at their initial registration.

Fee eligibility at the Home/EU rate is determined with reference to UK Government regulations. As a guiding principle, EU nationals (including UK) who are ordinarily resident in the EU pay Home/EU tuition fees, all other students (including those from the Channel Islands and Isle of Man) pay Overseas fees.

European Union students applying for university places in the 2020-21 academic year will still have access to student funding support. Please see the [UK Government's announcement](#) (28 May 2019). Cranfield University welcomes applications from students from all over the world for our postgraduate programmes. The Home/EU student fees listed continue to apply to EU students.

A non-refundable deposit may be payable for some courses and will be offset against the tuition fee. Additional fees for extensions to the agreed registration period may be charged.

¹ Fees can be paid in full up front, or in equal annual instalments. Students who complete their course before the initial end date will be invoiced the outstanding fee balance and must pay in full prior to graduation.

² This course has an annual registration fee and a fee per module. The fee quoted above is the annual registration fee and this amount is invoiced annually. The fee for taught modules is £1,340 per 10 credits, invoiced on attendance. Modules will usually be worth 5, 10, 20, or 30 credits, with the module fee for each calculated accordingly.

³ Extension fees will be charged at the annual registration fee rate on a pro rata basis. Therefore the amount charged will depend on the duration of extension.
