

# Tuition fees

## Taught courses

2021-22

### Important notes about fees

The fees outlined within this document apply to all students whose initial date of registration falls on or between 1 August 2021 and 31 July 2022. All students pay the tuition fee set by the University for the full duration of their registration period.

Eligibility for Home fee status is determined with reference to UK Government regulations. As a guiding principle UK or Irish nationals who are ordinarily resident in either the UK or Republic of Ireland pay Home tuition fees. All other students (including those from the Channel Islands and Isle of Man) pay Overseas fees.

A non-refundable deposit is required for most courses and is offset against the tuition fee. Additional fees for extensions to the registration period may be charged.
